Nomura Finalizes Details of Stock Options (Stock Acquisition Rights)

Tokyo, May 19, 2010—Nomura Holdings, Inc. (the “Company”) today announced that its Executive Management Board* has finalized the details of the issuance of Stock Acquisition Rights (“SARs”) as outlined below.

* The Executive Management Board consists of the CEO, COO, Business Division CEOs and any other executive officers nominated by the CEO, and via Board of Directors resolutions decides important business matters including the issuance of SARs. Moreover, the grant of SARs to directors and executive officers of the Company is in accordance with decisions made by the Compensation Committee.

1. SARs to be Issued

- 1.1 SARs No. 40 (for directors, executive officers and employees of the Company and subsidiaries of the Company)
- 1.2 SARs No. 41 (for directors, executive officers and employees of the Company and subsidiaries of the Company)
- 1.3 SARs No. 42 (for directors, executive officers and employees of the Company and subsidiaries of the Company)

SARs No. 40, No. 41 and No. 42 will be issued in accordance with Articles 236, 238 and 240 of the Companies Act of Japan.

2. Reasons for Issuance of SARs

The Exercise Price of SARs No. 40, No. 41 and No. 42 will be one (1) yen per share and will be granted to directors, executive officers and employees of the Company and subsidiaries of the Company in lieu of a portion of cash compensation.

The SARs will be issued as deferred compensation to grantees and are restricted from being exercised for approximately one year (SAR No. 40), two years (SAR No. 41) and three years (SAR No. 42) from the issuance resolution date (today).

The Financial Stability Board, a forum of global financial regulators, has issued the “Principles for Sound Compensation Practices” which recommends a deferral period of three or more years with no faster than a pro rata vesting for such deferred compensation. In line with this guidance, the Company will issue SARs No. 40, 41 and 42 as deferred compensation with such deferral period.

By restricting the exercise of the rights after they are granted, the SARs are expected to have the following benefits.

1. Retain talented personnel for longer terms by introducing deferred payment rather than paying compensation entirely in cash.
2. Align the interests of directors, executive officers and employees with those of shareholders by reflecting changes in shareholder value in compensation packages.
3. Create a common objective for Nomura Group in terms of improving performance and trust by sharing a common incentive plan for executive officers and employees working in different business divisions and regions.

3. Number of SARs and Grantees

Nomura Announces Proposals for Amendments to Articles of Incorporation

Tokyo, May 19, 2011—Nomura Holdings, Inc. (“the Company”) today announced that its board of directors resolved to submit proposals for amendments to the Company’s Articles of Incorporation to the 107th Annual Meeting of Shareholders to be held on June 28, 2011.

1. Reason for Amendments to Articles of Incorporation

(1) Responding to Basel III Capital Adequacy Requirements

With the aim of preventing the reoccurrence of a financial crisis, the Basel Committee on Banking Supervision, an institution comprised of financial regulators from various major industrialized countries, has agreed to set higher and better-quality capital requirements applicable to global financial institutions (i.e., Basel III). Specifically, there will be a requirement to maintain a certain percentage of common equity capital (i.e. common shares and retained earnings) of risk assets, an increase in the minimum capital adequacy ratio and stricter standards on what can be included into capital.

In order to be included as capital under Basel III, preferred shares or subordinated debt must be designed with a provision in the relevant terms of issuance allowing for the security to be written-down or converted into common equity in the event deemed necessary by the relevant authority (a “supervisory trigger”).

The Company would like to take this opportunity to amend its Articles of Incorporation to respond to these Basel III capital adequacy requirements. The proposal is to add a provision that would make it possible to attach conditions to the issuance of each class of preferred stock allowing for compulsory conversion into common shares in the event of a supervisory trigger or other specified conditions. No other changes to the provisions concerning preferred shares are proposed at this time.

The Basel III rules will be phased in from January 2013 and take full effect in 2019. As it is not yet possible to determine the specific details of the shares that can be issued in this respect, the Company does not intend to issue securities attached with a conversion trigger at this time. Any evaluation of such issuances in the future will reflect regulatory announcements on the specific requirements for implementation.

(2) Additions to Business Purpose

Nomura Group intends to proactively advocate a broad range of initiatives related to the economy, financial and capital markets, and infrastructure. The proposal is to add in the necessary amendments to expressly provide for these in the Articles of Incorporation.

(3) Procedures/Adaptability

(a) Chairman of Shareholders' Meetings

In order to maintain flexibility in conducting shareholders' meetings, the requirement for the President & CEO of the Company to act as chairman at meetings of the shareholders shall be amended to allow for any director or executive officer designated by the Board of Directors in advance to assume such role.

(b) Record Date for Holders of Class Shares

The proposal is to set a record date for meetings of class shareholders in order to accommodate convocation procedures for meetings of class shareholders.

(c) Executive Officers with Titles

Regarding the organization of executive officers with titles, the proposal is to make the necessary changes to in order to allow for an adaptable management system.
