(7) Changes in Accounting Policies (UNAUDITED)

Recognition and measurement of financial assets and financial liabilities

On April 1, 2016, Nomura early adopted the presentation change of own credit adjustments provided by Accounting Standards Update 2016-01 “*Recognition and Measurement of Financial Assets and Financial Liabilities*.” Accordingly, unrealized changes in the fair value of financial liabilities elected for the fair value option attributable to instrument-specific credit risk (“own credit adjustments”) are now presented separately in other comprehensive income rather than through earnings. As a result of this adoption based on the modified retrospective application, the beginning balance of *Retained earnings* has been adjusted.

Consolidation analysis

On April 1, 2016, Nomura adopted Accounting Standard Update 2015-02 “*Amendments to the Consolidation Analysis*.” Accordingly, the consolidation guidance applied to certain investment companies, money market funds, qualifying real estate funds and similar entities has been changed. As a result of this adoption based on the modified retrospective application, the beginning balance of *Noncontrolling interests* has been adjusted.

Presentation of debt issuance costs

On April 1, 2016, Nomura adopted Accounting Standard Update 2015-03 “*Simplifying the Presentation of Debt Issuance Costs*.” Accordingly, debt issuance costs related to a recognized debt liability, which used to be presented as a separate asset, are now presented as a direct deduction from the carrying amount of that debt liability. These accounting changes have not had a material impact on Nomura’s consolidated financial statements.

Changes in Tax Laws

On November 18, 2016, the "Act to partially amend the Act for partial amendment of the Local Tax Act and Local Allocation Tax Act and for the Drastic Reform of the Taxation System for Ensuring Stable Financial Resources for Social Security" (Act No. 86 of 2016) was enacted. Under this Act, the timing of implementation for the tax reform which had been scheduled at the fiscal year beginning on or after April 1, 2017, was postponed to the fiscal year beginning on or after October 1, 2019.

Though the domestic statutory tax rates to calculate deferred tax assets and liabilities will not change, due to reclassification between national tax and local tax, net deferred tax liabilities increased by 3,366 million yen and income tax expenses increased by the same amount.
