#### (6) Changes in Accounting Policies

#### Fair value measurement of equity securities subject to contractual sale restrictions

The Financial Accounting Standards Board issued Accounting Standards Updates ("ASU") 2022-03 "Fair Value Measurement: Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions" in June 2022 which clarifies that a contractual restriction on the sale of an equity security is an entity-specific characteristic and therefore should not be considered in the fair value measurement of the equity security. The ASU also requires specific disclosures for equity securities subject to contractual sale restrictions. Nomura has applied this new accounting policy prospectively from April 1, 2024.

# Voluntary change in accounting policy

Effective from April 1, 2024, Nomura has changed its accounting policy in respect of how accounting guidance provided by Financial Accounting Standards Board Accounting Standards Codification 940 "Financial Services — Brokers and Dealers" ("ASC 940") is applied to the Company and its consolidated subsidiaries. For the year ended March 31, 2024 and in prior financial years, Nomura applied ASC 940 on a consolidated basis to all entities included within the consolidated financial statements of Nomura. Effective from April 1, 2024, the Company and consolidated subsidiaries that are not registered as a broker-dealer ("non-BD entities") no longer apply ASC 940.

This accounting policy change is primarily due to a planned expansion of Nomura's banking and investment management business and is therefore intended to allow certain non-BD entities to prospectively classify purchases of new non-trading debt securities as either held to maturity ("HTM") or available for sale ("AFS") as defined in ASC 320 "Investments—Debt Securities". Non-trading debt securities classified as HTM are securities that a non-BD entity has both the ability and the intent to hold until maturity and are carried at amortized cost, while non-trading debt securities classified as AFS are carried at fair value with changes in fair value reported in the consolidated statements of comprehensive income, net of applicable income taxes within Other comprehensive income (loss) and in the consolidated balance sheets, net of applicable income taxes within Accumulated other comprehensive income (loss), a component of NHI shareholders' equity.

As retrospective application of this accounting policy change is impracticable since it would require use of hindsight regarding historical accounting matters such as the initial classification of non-trading debt securities, Nomura has applied this new accounting policy prospectively from April 1, 2024.

As part of this accounting policy change, existing loans for trading purposes and non-trading debt securities held by non-BD entities have been elected for the fair value option on April 1, 2024 and therefore continue to be measured at fair value through earnings. A similar election has been made for subsequent originations or purchases of loans held for trading purposes through to September 30, 2024. Such loans continue to be reported in *Trading assets* in the consolidated balance sheets with changes in fair value reported in *Revenue - Net gain on trading* in the consolidated statements of income. Similarly, non-trading debt securities held by non-BD entities elected for the fair value option continue to be reported in *Non-trading debt securities* in the consolidated balance sheets which changed in fair value reported in *Revenue - Other* in the consolidated statements of income.

Following the accounting policy change, fair value changes of non-trading debt securities acquired on or after April 1, 2024 and classified as HTM or AFS by non-BD entities are not recognized through earnings, unless an impairment loss is recognized.
