

Goodwill Impairment Charge in Third Quarter of Fiscal Year ending March 2019

Tokyo, January 31, 2019—Nomura Holdings, Inc. today announced its operating results for the third quarter of the fiscal year ending March 31, 2019. The firm booked a goodwill impairment charge in the quarter as outlined below.

The goodwill impairment charge totaled 81.4 billion yen, and was booked primarily in relation to Instinet and Lehman Brothers. Of this amount, 81 billion yen was recognized as ‘Other’ expenses in Wholesale.

Nomura has been working to transform its traditional business model and expects to further step up its efforts going forward.

In light of this and recent Wholesale performance, the firm conducted a more conservative assessment of the division’s profitability. Based on the assessment, the firm decided to book the impairment charge in the third quarter.

As of December 31, 2018, there is no remaining goodwill related to these transactions attributable to Wholesale. There is 500 million yen of goodwill remaining firmwide.

The charge has been reflected in today’s results. Please refer to “Financial Summary for the Nine Months Ended December 31, 2018” for details.
