

Nomura to Partner with Stakeholders to Drive Sustainability

Tokyo, October 19, 2020—Nomura Holdings, Inc. will celebrate its 100 year anniversary in 2025. As part of its vision to achieve sustainable growth by helping resolve social issues, Nomura has created the concept of “Drive Sustainability.” to express its commitment to actively promote ESG and SDGs.

“Drive Sustainability.” was created to enhance communication of the firm’s ESG and SDG initiatives to a wide range of stakeholders. Leveraging the strong relationships it has built, Nomura also aims to bring together the knowledge and expertise gained through its business with the strengths of various stakeholders to build a more sustainable world.

Nomura’s longstanding mission is to contribute to society through its expertise in capital markets. This has underpinned the firm’s efforts to deliver the best solutions for its clients, as well as proactively implementing initiatives both in Japan and overseas to help resolve issues affecting society.

In continuing this mission, Nomura Asset Management today announced the establishment of a donation scheme to support regional revitalization.¹

Nomura Group believes that partnership is critical to achieving our goals for a better future. By working with various partners towards this common goal, Nomura aims to drive new initiatives that will help accelerate efforts to realize a more sustainable society for all.
